Sent - On Coin Sale of C. E. King - just (or the Auctioneers) Sent on two prices - viz "Lots" No 578. & 1151. - with bill & I at once responded with payment - (Apr 9th) To Davis & Harvey (as that was the name of the firm sending the bill) - Amount $4.39 - which was also on payment for a priced Catalogue (To be Sent) - The Priced list has not come - & I write now - fearing that some error may have been made in the address - as my bill - was made out to "Mr Lake" (whether a "pun" - was intended or not - I do i know as my name is Pond) - & if they Auctioneers sent it (the (Priced List) to Mr Lake - it is not Correct - I have not received it. Please look this matter up.

Dear Sir,

I enclose Sketch for Medal - which you found it for your approval &c -

I dislike them all - as I do not like any "Nickel-Metal" - Pieces. - & the Stock is not "bright or "crisp" - & I did not understand for a Moment, that I was bidding in a "half of a "Proof & Specimen" - !

Supposed from your description that the only difference (from Specimen Pieces) was not Liquid - & cut to "close Size" - and therefore I was willing to bid as I did $3.00 - but not on a half-struck Without a Back - of any kind!

Respectfully W. C. Prime
